Product Description

Binding doesn't get any simpler! Combining flexibility with speed-to-bind, colourful GBC CoilBind™ spines will add impact and energy to your presentations whilst ensuring that documents of up to 265 pages stay pristine and secure. Made of top quality, highly flexible fine plastic, this spine can withstand the rigors of everyday office use including bending, frequent handling and posting, always bouncing back to its original shape. The bound pages lie flat with 360 degree rotation for convenient note taking and photocopying. CoilBind™ binds pages permanently so you can rest assured that your documents remain secure and tamper-proof.

Features

- High page security: page changing is only possible by cutting and unwinding the coil then re-binding.
- Flexible: perfectly suited to documents requiring posting and will not fade or crack over time.
- Wide range of sizes: 12 size capacities available from 6mm to 33mm, capable of binding up to 265 sheets (80gsm paper).
- 360 degree page turning: making documents very easy to handle in any situation, especially when note taking and photocopying.
